FROM: Edward M. Kent, Ph.D.
Executive Vice President

SUBJECT: First Year Experience Committee

Please see the attached report from the First Year Experience Committee.

This committee was formed to assess the various learning experiences that are designed to improve connections of the University during the first year. The committee's work collected data from students and faculty regarding their recommendations for improving the first year experience. They conducted a survey of students and faculty regarding their assessment of the first year experience.

Thank you for your willingness to support this initiative. I am confident that the information gathered will be helpful in making decisions regarding the first year experience.
