Mission Statement updated on Sustainability website after previous

Marketing & Campus Engagement meeting on Feb. 1, 2022.

Reports per Sub Committee:

Marketing/ Communications & EngagemenDiana Nichols Cori Scherbring met with Rebecca Wellnd discussed STARS Assessment. Also discussed how the BSA Biology and Marine Science Student Associations are interested in working with the Sustainability Committee/ Subcomittees with a special focus on STARS.

Operations: Bill Guess Scott CroWorking through assessment as well to help qualify points with ASHEE. Also, Focusing on Energy System Saving programs and Green Activities for campus such as Storm Water Retention.

Academics and Planning Tr. Krista Harrell Victor Cohen Bill Guess

Overview of STARS from September and Dillouess. Looking to push each area of STARS more particularly in

The Committee can access STARS details that Dr. Islamed in drive. The research and technical manual data calbe used to get the foundation in regards tone comprehensive approach to sustainability and also prioritize we can move the committee forward with specific things that our subcommittees are working on.

UPDATESBill Guess suggest listing each subcommittee on whethersite, list what each group does and calling it the Sustainability Assessment Review. The Sustainability Assessment Review will inform the community of each committees' progress not only throus grain media, but also through shared links and highlights.

Green Jagsas a meeting Tessday March 8, 2022 in the

Marks Library @ 5:30 pm. A speaker from the Master Gardener

Program will have a 30 minute presentation Crow mentioned he has a staff member Chris Rodriguez that would be interested in getting involved with student gardenin

Chris Rodriguez works with Archeology and is also involved the campus food pantry. He can help with gardening projects as well as create content/ footage of such projects to

be displayed on website.

Appointment structure A position needs to be appointed for our Community Connection. Casey Calloway is the Mayor's sustainability contact is mentioned as a good asset for the position.

New BusinessIntroduction of Rebecca Well - Current President of

the Biology Student Assoc. and Secretary of Marine Biology Student Assoc. BSA has about 25 active members and MSA has about 45 tive members. The organizations currently hold at least 25 hts per month with a variety of guest speakers. Currently ding more ways to build connections with the Sustainability

Committee and subcommittees to help with any events such as cleanups and advertising.

Invited Guest Dianne Martin - USA Alumni and Former President of
Keep Mobile Beautiful. Wrote pre-grantsfor recycling for the Stadium

and now working with county funding through Connie Hudson w/ Love

Your CommunityLove Your Community Program is set up where teamps on ble go out and clean up, take pictures of how much you collected whether trash one cycled, and record online.

This process is called "time sharing" and once you react tain point you can write/ receive a grant to do something special in your community. This encourages people of the

community to get out and clean to receive grants ging from \$500.00 up to \$1500.06 MB02 0 .3 (n)-0.7 ()-1.228 8
